REPORT OF FOREST FIRE WARDENS

In the past year your local forest fire organization did a very fine job of pre-suppression and suppression of forest fires. Our early spring was very dry and with extra high winds and all our fires were during that period. We find that the general public is still very careless with matches and cigarettes.

In the "Keep America Green" program there is a story of two bad boys who cause most of our forest fires. The first one we call, "I don't care." He is the person that builds fires anywhere, never gets a permit to burn brush or has a safe place for his home incinerator. He is also very careless with matches and cigarettes. The other one is called, "I don't know any better," and the best way to describe him is a plain dunce. It is only with your help that these two bad actors are controlled. Their carelessness can be the cause of our pretty and valuable woodland to be destroyed by fire. Even your own home can be burned by them.

It is up to you and you alone to report these two characters to your local forest fire warden whenever you see them operating. To have our woodlands green and our mountain streams clear, your cooperation is needed by:

1. Seeing that your incinerator is tight and is sitting on clean ground.
2. Always clean a space about any open fire to prevent it from spreading.
3. Never burn in dry windy weather.
4. In all cases a written permit is required from your local town fire warden.
5. Be sure that your matches, cigarettes and pipe ashes are out before discarding.

It is with your cooperation that this shameful waste of timber and money can be stopped.

Number of fires, 0; acreage burned, 0; number of burning permits issued, 48.

Report of Superintendent

To the School Board and Citizens of Eaton:

The positive and constructive action taken at the special school district meeting shows that the people of Eaton realize the significance and importance of education.

This new building will mean that no longer will one teacher be confronted with the impossible task of trying to teach six grades and 40 pupils in one room. This new program will provide not only a pleasant new school home but will mean a progressive step forward in our instructional program.

The entire eight grades will be housed here with one teacher for the primary and one for the upper elementary grades.

This building can become a community center serving the needs of civic organizations, adult and youth groups.

I wish to express my appreciation to the Eaton School Board for their assistance in the administration of school affairs.

REPORT OF SCHOOL NURSE

Dear Mr. Appleton

I hereby submit my annual report of the health program for the year 1950-1952.

Throughout the year I have been able to have the eyes and ears of all pupils tested and all defects corrected or under treatment.

Since dental care is a year-round program I am very happy to report a 90% correction. This was made possible by the Women's Circle and interested persons who gave us the money. Thanks to Mrs. Simonds the children were transported to Fryeburg, Maine, for dental care.

Twenty-eight school and pre-school children attended our Child Health Conference, Vaccination, and Immunization Clinic in April. All of the children who entered the first grade in the fall received physical examinations.

Twenty-eight of the pupils had the Tuberculin Patch Test in May, four of them followed by the chest x-ray which were normal.

I wish to express my appreciation for the help I have received from the members of the School Board, Superintendent, Teachers, State Sight Program, T.B. Association, and all interested persons.

Respectfully submitted,

JULIA T. COX

School Nurse
